My Little Pony 2013 Comic Con Exclusive

- <http://www.equestriadaily.com/2013/06/comic-con-exclusive-pony-for-2013-vinyl.html>
- If you didn't know, Hasbro will be attending this year's Comic Con. Like the previous year

they will be selling exclusive Comic Con toys.

Last year Hasbro's exclusive for My Little Pony was a Fashion Style Derpy Hooves.

According to USA Today, this year's exclusive My Little Pony toy is going to be DJ-Pon3. Here is a quote from the article:

- A fan favorite who first appeared in the first season of Friendship is Magic, DJ Pon-3 (\$49.99) makes her debut with a Comic-Con exclusive — and a shiny one at that. In addition to a musical note as her "cutie mark," her sunglasses and unicorn horn are embellished with Swarovski crystal elements that tie into the year's theme of the Crystal Empire.
- Even DJ Pon-3's special packaging lights up, says Hasbro's Donna Tobin, senior vice president, global brand marketing for My Little Pony. "Everything about her offering really enhances her character."
- In the cartoon, "she had a little throwback to the '80s — she put a needle on an actual vinyl record," Tobin adds. "A younger girl might not have picked that up but our older fans picked it up immediately and loved it. And we love that about her, too."
