

Recently, Mastercard and Visa introduced new policies, regulating their use as payment processors for NSFW/adult content. Many websites are reacting by blanket-banning adult content and deleting tons of it, including Steam and Itch.io.

[b]This is a serious problem.[/b] This harms sex workers and adult content creators everywhere, especially those who make a living from adult content.

This is also a fight against corporate entities censoring the media we consume and deciding what we're allowed to read and create. If that sounds like a bad thing to you, [i]please sign the petition[/i]. And then share it around, please! We need people talking about this desperately.
