AutomationAI Fast-pass \$220 + \$97/yr for unlimited after year 1

🔗 **Fast-pass Page URL** - <https://getautomationai.com/fastpass>

You are NOT allowed to mail with a fast pass link! If any of your customers buy Fast Pass w/o buying the front end, it will not count in your contest standing (the affiliate won't get cookie AND the customer won't get their login).

After the FE is purchased, the customer will be given the OPTION of purchasing the Bundle as the first upgrade OR to continue on through the funnel and decide on each product individually.

So, after the FE is purchased, your customers will be taken to a page with a video of Neil asking them to check out a walkthrough on AutomationAI. Neil will present the key points about ALL the OTOs and then Neil will present them with a shortcut, the "Fast Pass" option to just grab all the OTOs at a much lower price than grabbing each one separately. The Fast Pass Bundle will, of course, save them lots of money AND give them ALL the exciting upgrades and training they need to maximize their profits with AutomationAI.
