

KMS Concert and Symphonic Band Supplies

Please remember - when picking an instrument - if the deal seems too good to be true, it probably is! Please rent/purchase from a reputable music store if possible. Big box stores/online auction sites often have them, but quality can't be guaranteed and you may end up having to spend a lot of money to get it fixed into playing condition. The same goes for the cheap instruments online at large non-music retailers. Some work ok, but many are really bad, play out of tune and the music stores are unable to repair them. It is best to shop local and where instrument repairs can be done easily and quickly. Be sure to check out sites like Craigslist also, but have them meet you at a music store to check quality before purchase. Mrs Peterson has some instruments available for students with a high financial need.

No individually purchased books are required for Concert and Symphonic Bands at this time. This may come up second semester and we will do a group buy at that time to get a steeper discount.
