

AID for Humanity

The purpose of 'AID for Humanity's activities is to send food and medicine to helpless, destitute, and hungry people.

The main reason behind our initiative: As we sit safely at Green University, millions of our brothers and sisters in Chittagong are battling a catastrophic flood crisis, marooned without food, clean water, or shelter. We have a moral duty to act, and your small contribution—even the cost of a daily snack—can provide lifesaving meals and medicine to a family in desperate need. We assure you of absolute transparency; every single Taka collected and spent will be documented publicly in an Excel sheet, with the entire initiative directly monitored by the faculties of AID for Humanity to ensure total accountability. Please open your hearts, donate generously to our volunteers today, and let's prove that the GUB community stands for humanity first.
