Characters for All Classes!

September 11, 2018

Program Overview

My name is Terry Allee. As a classroom teacher for 30 years, I created over 120 different characters to help bring history to life for my students! Since retiring 2 years ago, I have been developing mobile Programs that I could perform anywhere. I have performed almost 20 of these Programs in the last year and a half and I am working on many more. I have developed a series for libraries, as well as motivational Programs for teachers. I am expanding offerings in the areas of

literature, science and math and will keep working to add as many as possible. If you have a topic or idea for something, I can usually find a character to help highlight the topic or idea. I have recently formed an LLC called YOU ASKED FOR IT! LLC. That is what I would like to offer! You ask for it and I will do my very best to make it happen. For examples and ideas, go to my website at mralleesworldofhistory.com and click on the You Asked For it page.

Who I am, REALLY!

I spent my entire teaching career in Gordon County teaching all Social Studies classes at some point. The major part of my career was spent teaching United States History. I spent 3 years at Fairmount High School, 2 years at Ashworth Middle School, and 25 years at Gordon Central High School! I loved teaching history, but I always searched for a better way to help students enjoy it. I borrowed the idea of dressing in character from a 1980s movie called *Teachers*. It

was a terrible movie, but one teacher dressed up to bring history to life. I started with about 10 characters and at my peak, I portrayed about 70 characters per semester. I eventually had to cut characters in order to add new ones. I also changed to World History and Government and added new Programs for those classes. I am not an actor. I try to channel what the person would have really been like. I try to look as much like the person as possible, but the most important aspect of the Programs is to get

the attitude and information from the character correct. Many Programs also have student roles which are set up before the Program begins. I loved what I was doing in class and now I would like to bring some of that to your classroom.
