## 1. Context of the proposal

Anaelle was formally onboarded as the Fellowship Secretary on 28th April 2024 via [Proposal 103](#). The **initial probation period of 6 months** for the Fellowship Secretary role ran from 29th April 2024 to 31st October 2024.

A [Secretary collective](#) is currently under development to specify the core responsibilities, review mechanisms, and payment channels for the Fellowship Secretary.

## 2. Problem statement

Proposals [#194](#), [#240](#), and [#287](#) have been approved during H2 2024 and Q1 2025 to pay a quarterly allowance to the Fellowship Secretary.

At the time of this proposal, the [Secretary collective](#) is being finalised and the Fellowship Secretary role remains unfunded in the short term.

## 3. Proposal objective(s) or solution(s)

This proposal seeks to allocate another 3-month interim funding to ensure that the Fellowship Secretary's monthly salaries are covered throughout Q2 2025, while the deployment of the Secretary collective sub-treasury is finalised.
