

Connecting to the Classroom TV/Projector

1. Switch on the TV or Projector using the remote.
Leave any projector on afterwards if you know another class will use it today.
2. Instructions to connect wirelessly should appear. If not, try pressing the **source** or **source search** button on the remote to change the TV/Projector source.

3. Connect to Airtame using **Screen Mirroring** (Mac/iPad), **Wireless displays** (Windows/PC), or the **Airtame app** (Chromebooks)

Stuck? Scan the QR code below for a full guide.
