

Picking a Proverb

Part 1: Recall three proverbs that you have heard often. Place them in that chart below and answer the questions for each one. **Your proverb can be in any language!**

Proverb	Who Said it? When?	What did it mean in the situation in which it was spoken?

Part 2: Is there one above that is meaningful or you are curious about? Star the one you want to work on and answer the below questions about it.

1. What does it mean literally? (If it is in another language give the original, a translation, and its literal meaning.)
2. What does it mean figuratively? Explain how you know this.
3. What values does it promote? Explain how you know this.
