

Unexplained Mysteries - Winterim 2025

We will be watching episodes of The UnXplained and Unsolved Mysteries on the History Channel. I will be vetting all the episodes we watch, however, some of the ancient art that is discussed and shown (usually very briefly) may have typical artistic images that may depict body parts that are usual for ancient civilizations that will come up. We will also be researching the folklore and approved sites will be:

Get ready to have the hair on the back of your neck stand on end and your brain explode.

We will dig into some of the most famous and not so famous chilling and mind-bending unsolved mysteries, like:

How did they build the pyramids? Is the lost city of Atlantis real? Did an angel build a staircase in a Santa Fe church? Have aliens really come to earth? Were giants real? Are vampires or werewolves real? What happened to the people on the Ghost Ship, *The Mary Celeste*? Why are the churches in Ethiopia built underground? And so much more! Bwaa-haa-haa!

I understand that my student will be watching episodes of The UnXplained and Unsolved Mysteries and preapproved research and give my permission for this activity. **Please sign the permission slip below for your student in this class. Please return by November 22**
