INTRODUCTION

- **Font:** Times New Roman, 11 pt
- **Length:** 1-2 pages (approximately 500-700 words)
- **Content:**
 - **Background:** Provide context and significance of the research problem.

- **Literature Review:** Summarize relevant studies and gaps in the current knowledge.
- **Objective:** Clearly state the research question or hypothesis.

The Medical Science and Academic magazine (MSAJ) is an online multidisciplinary academic research magazine that is peer-reviewed and published six times a year . MS� promotes novel concepts and endeavors in the domains of Medical, biological, and health sciences. It disseminates exceptional original articles, empirically-grounded studies based on theoretical frameworks, comprehensive review papers, case reports, conference reports/papers, technology reports, book reviews, commentaries, events, and news [2].

METHODS

- **Font:** Times New Roman, 11 pt
- **Length:** 1-2 pages (approximately 500-700 words)
- **Content:**
 - **Study Design:** Describe the overall design (e.g., experimental, observational).
 - **Participants/Samples:** Detail how subjects or samples were selected.
 - **Procedures:** Explain the methods and techniques used for data collection and analysis.
 - **Statistical Analysis:** Outline the statistical tests and procedures used.
