

Grow Black-Owned Businesses

We deeply appreciate the challenges that all small businesses face. The members of Act Justly encourage our congregation and wider community to support businesses owned by people that have historically been deprived of the ability to build generational wealth.

[Grow Black-Owned](#) (Johnson County Business List)

This list will be updated at least on an annual basis. If you become aware of any errors, closed or new business changes that should be made to this list, please contact [Act Justly](#). They are working with Travis Kraus at the University of Iowa to maintain an accurate list. He and his students created Grow Black-Owned as a story map, highlighting Black-Owned Businesses, Nonprofits and Entrepreneurs in Johnson County, Iowa.

Please Note: Businesses owned by other groups of disenfranchised people may be added in the future, as the framework of knowledge and support is added to this site.
