

## Community Engagement Bounty Iteration 1.0

### I. Bounty Structure

1. For bringing new members (TG & Discord) :
  - a. the most member added – **bounty 200K IDR**
  - b. second most member added – **bounty 100K IDR**
  - c. bounty is per week
  - d. bounty receivers can be consecutive
2. For sharing and interpreting Cardano related articles (TG & Discord) :
  - a. the most article shared – **bounty 200K IDR**
  - b. second most article shared – **bounty 100K IDR**
  - c. bounty is per week
  - d. bounty receivers can be consecutive
3. For engaging in discussions (TG & Discord) :
  - a. the most engagement – **bounty 200K IDR**
  - b. second most engagement – **bounty 100K IDR**
  - c. bounty is per week
  - d. bounty receivers can be consecutive
4. For opening their own break out room : **bounty 300K IDR**
  - a. bounty is per week
  - b. bounty receivers can be consecutive

### II. Bounty Allocation (monthly)

No.	Bounty	IDR	Qty.	Total IDR	Details
	For bringing new members :				On TG & Discord
	a. Most member added	200K	4	800K	
	b. Second most member added	100K	4	400K	
	For sharing and interpreting Cardano related articles :				On TG & Discord
	a. Most article shared	200K	4	800K	
	b. Second most article shared	100K	4	400K	
	For engaging discussion				On TG & Discord
	a. Most engagement	200K	4	800K	
	b. Second most engagement	100K	4	400K	
	For opening their own break out room	300K	4	1.200K	
Total				4.800K	For 1 month

**III. Minimum Bounty Allocation**

Minimum bounty allocation must correlate with the KPIs of a specific position. For this specific example it takes this certain position; *Roles, Responsibilities and Remuneration of Community Hero (Tech)*. Therefore the Total ADA for iteration 1.0 **minimum would be 4.500K IDR.**

**IV. Compensation**

- Compensation ceiling depends on quality, consistency and proactive contribution by the community
- Compensation will be distributed weekly
- Compensation will incur present transaction fee
