

# Is Hot Lava Found in the Scripture books?

---

When אלהים created the dry land coming out from the water (Gen 1:9). The soil ground is called earth (Gen 1:10). It might not be as clear as of how did the planet earth was form and built into a soil ground out of the water. There is one thing that did not mentioned between the ground of soil and water, it is the core of hot "**lava**". Lava, we know must of come from far deep-down underground earth. It's possible that this lava that erupted out from a volcano (new form mountain) is what form a new ground. This explanation had to be true, because we have witnesses how these hot lava does end up dry up hard and form into a new land.

So, from what אלהים did during creation between what the Genesis book said in 1:9 and verse 10 is more of basic information other than a deep details information. Yet, we however do have information throughout the scripture books that mentioned about volcano and hot lava which earth dealt with. There are at least 17 example. FYI, you will not find the word "volcano", instead of how the passage verse will often describe a shaking or smoking mountain.

1. [Deuteronomy 4:11 \(KJV\)](#) ***"And ye came near and stood under the mountain; and the mountain burned with fire unto the midst of heaven, with darkness, clouds, and thick darkness."***

2. [Deuteronomy 5:23](#) ***"And it came to pass, when you heard the voice out of the middle of the darkness, (for the mountain did burn with fire,) that you came near to me, even all the heads of your tribes, and your elders."***

7. [Exodus 19:18](#) ***"Mount Sinai was covered with smoke, because the creator ONE descended on it in fire. The smoke billowed up from it like smoke from a furnace, and the whole mountain trembled violently."***

12. [Genesis 1:1](#) ***"In the beginning, אלהים created the heavens and the earth."***

15. [Genesis 1:7](#) ***"So אלהים made the expanse and separated the waters beneath it from the waters above. And it was so."***

16. [Genesis 1:16](#) ***"And אלהים made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also."***

We now know this lava thing is mentioned in the books of the laws. This lava is a form way how the ground appears. Earth did expand over time since creation.
