

Affiliate: How to Generate Product Specific Referral Links

1. Log in to your Nehemiah E-Community with your username and password. Then click on **Affiliate Dashboard** at the left panel to access the dashboard.

2. Once you are logged in to the dashboard, click on Affiliate URLs at the left panel to open up the link generator page. Copy and paste the nehemiah product link into **Page URL** and it will automatically generate the link under **Generated referral URL**. You can now use this link to share with your community.

3. If you have any questions or needing help, please reach us at membercare@nehemiahcommunity.com
