

Glamping Accommodations

glamp·ing

/'glampiNG/

noun: **glamping**

a form of camping involving accommodation and facilities more luxurious than those associated with traditional camping.

"glamping is likely to satisfy any city slicker seeking a little refuge in nature—without foregoing any of life's luxuries"

We have huge 16'x20' tents set up in our scenic school yard, where the ocean meets the forest. Individual Disc-o-bed Cots will be set up for each attendee if they so desired. The cots measure 82"L x 32.5"W x 36"H.

You will have a choice of three different bathrooms. There are pay showers nearby, however, we will have heated private outdoor showers for your convenience on site.

You will receive all meals while on site. No need to pack the camp stove!

While our glamping amenities are quite exquisite, you are welcome to bring your own tent and sleeping arrangements if you so desire.
