More 2023 march copying

Brat has recently even changed their boyfriends (Now ex) sona to look more similar to kittys boyfriends sona. Still including the beauty marks that he has irl, might be hard to see since its on the brown but its still there. Subtle but obvious enough for the victims to notice.

← Angelbunny_ /Ang3l1cr...

Also have taken features from kittys sona to make their own in a way to carry on the mocking and copying, a small but obvious jab to the victim themself after the constant copying before this came out. Mimicking kittys curly hair and signature red bow, collar. Top right one just looks like doll again as well.
