

BFA Fairfax Evidence Reflection Template

Choose something you've done that may provide evidence of your progress on a transferable skill or academic proficiency. This piece of evidence could be an assessment, project, lab report, assignment, or paper for an academic class. It could be a piece of art or your participation in an activity or performance. Your evidence can be from a school-based activity or something from out of school. Insert your copy of this evidence template into your portfolio website under the appropriate transferable skill category or academic content area, or both!

[Directions on how to scan paper-based evidence and save it to your google drive.](#)

Today's Date: January 5, 2025	
Title of Evidence (with link to google drive): Online Interior Design Unit 7 Activity 4	
Describe what the evidence is: This evidence is an activity from my Online Interior Design art class. I had to design a room with an online modeling app. I had to stick to a given budget and design the room to the specifications given by the assignment. I then had to write a letter to the "clients" about my design choices. In previous activities, I picked out specific furniture and did more in-depth work with the budget and other planning tasks.	
Connection to Academic Content Area: (Choose one) <input type="checkbox"/> Math <input type="checkbox"/> Global Citizenship <input type="checkbox"/> Language Arts <input type="checkbox"/> Science <input type="checkbox"/> Health/PE <input checked="" type="checkbox"/> Arts <input type="checkbox"/> World Language	How does this piece of evidence connect to the academic content area? This piece of evidence connects to Arts because I had to work with color palettes, measurements, shape, balance, and many other art related skills. This also had to do with graphic design.
Reflection: Respond to the following questions: (Choose at least two) <input checked="" type="checkbox"/> Why am I proud of this work? <input checked="" type="checkbox"/> Why did I choose this piece of evidence? <input type="checkbox"/> How does this evidence demonstrate a strength of mine? <input type="checkbox"/> How does this evidence show I improved on a skill? <input type="checkbox"/> What did I learn about myself in doing this work? <input type="checkbox"/> Show how this evidence is connected to prior learning or experiences. <input type="checkbox"/> Explain how this evidence is connected to a future goal. <input type="checkbox"/> Tell the story of how this evidence came to be.	I am proud of this work because the app that I used to make the room was extremely difficult to work with and I had a lot of trouble. I kept trying to make it look as good as possible and it ended up coming out exactly how I wanted it to. I chose this piece of evidence because it was one of the biggest projects in the entire class. It took me multiple class days to do while I was also trying to study for my AP exams. I was very stressed when doing this, but ended with a good result.
