Content and Intellectual Property

You are responsible for all content you import (recipes, descriptions, photos, titles). Do not use Pantry to store or distribute illegal material. The recipe suggestions in the browse recipe views are third-party. Pantry does not store the recipe instructions or image unless the user imports the recipes from the source URL into the app. Therefore, these suggested recipes are considered separate from the app.

Privacy

Pantry is committed to protecting your privacy. We do not save, track, or process any sensitive personal information.

Data Collection & Usage

Pantry requires an internet connection to: Import recipes from the web, browse the internet using the in-app browser, and download images for recipe suggestions

Camera & Photo Access

Pantry may request access to your camera and photo library for the sole purpose of importing recipes. This access is granted only with your explicit permission and can be managed in your device settings.

Security & Third-Party Services

Pantry uses secure HTTPS connections to retrieve information from third-party sources when importing recipes. HTTPS is a widely recognized secure protocol designed to protect data transmission.

Limitations of Liability

Recipe imports may be subject to errors due to different websites and platforms having different formats. You are responsible for ensuring that recipes meet your dietary and allergy requirements. Pantry is not liable for any damages arising from your use of the App
