

Privacy Policy

1. Introduction

This privacy policy describes how Tasks ("the App") collects, uses, and protects user data. By using the App, you agree to this privacy policy.

2. Data Collection

The App collects and stores the following user data:

- Apple ID (only when signing in with Apple)
- Names of to-do lists and items. Also the details related to them, such as time created, times completed, etc.

This data is stored in Firebase and is not encrypted. The collected data is used solely for the purpose of providing the core functionality of the App.

3. Data Access and Sharing

Only the developer of the App has access to the stored data. The data is not shared with third parties.

4. Data Security

Although the data is stored in a secure Firebase database, it is not encrypted. Users should avoid storing sensitive information in their lists.

5. User Rights

Users may request the deletion of their stored data by contacting the developer.

6. Changes to This Policy

This privacy policy may be updated periodically. Users will be notified of any significant changes.

7. Contact

If you have any questions about this policy, please contact [your contact email or website].
