# Peace Parking Information Page

The Peace understands this transition is disruptive and creates an additional expense for passengers. Please know the Peace has voiced these concerns to the harbor district on your behalf. The harbor district has made some changes to improve the original plans, and we hope further changes will come at the designated review periods.

Enforcement is provided by cars that drive the parking lot with license plate readers.

Please check back here for the most up to date parking information the Peace has available.

Here is a link to Ventura Harbor's Flyer on Parking

- DO NOT PAY FOR PARKING UNTIL YOU HAVE ARRIVED AND PARKED AT THE HARBOR. THE HARBOR WILL NOT REFUND FOR PAYMENT OF PARKING YOU DID NOT USE, OR IF THERE ARE NO SPACES AVAILABLE IN THE LOT.
- Payment is required if your car is parked in the harbor on Friday, Saturday, Sunday, or a Holiday between the hours of 10:00AM and 8:00PM..
- Passengers need to have a window hanger for all overnight trips (available on the Peace)
- Passengers still park in the Whale Lot
- Passengers should pay using the harbor's website https://venturaharbor.com/parking/
- Any parking problems will need to be addressed by the harbor. The Peace has no access to the parking system.

Ventura Harbor Parking Website

There is also an app advertised on the signage in the parking lot. The Peace recommends using the above website because it has functions the app does not, and it has been seen to work.  The app is still under development.

## Instructions how to pay for parking via the above website:

1. Scan the QR code above for the Ventura Harbor website, or go to the site listed.

2. In the middle of the page is the list of parking lots. Click where it says "Whale Lot"

3. This will pop up a screen where you need to pick the length of your stay. Click on the dropdown and scroll down to get to see length of stay options. Days are at the bottom of the list.

4. Select the number of days you want to park. The system will automatically determine which days to charge for parking, and only charge you for those days.
Make sure you include the day you return to the harbor. If you will be arriving back at the harbor on a paid parking day, the Peace recommends paying for the full last day of parking. If the boat is delayed, and you consider time to unload and leave, it may be close to 8:00PM.

5. You can not change the parking start date and time. It always starts with the date and time you do the payment.

6. Once you set the length, click the "Go" button.

7. Verify parking pass displayed end date and time displayed by the system. Make sure it allows you time to return to the Harbor, unload, and depart.

8. After verifying, click "next"

9. The screen will now ask for your license plate. Enter the plate number and state.

10. Scroll down. You must fill in your name, email, and mobile number where required.

11. Enter the credit card information. Enter your information slowly and carefully. If you make a mistake, or any field turns red, you may need to push the "go back" button and start over.

12. Once your payment information is entered, press the green "Pay $$" button.

13. If you are having trouble, there are instructions to get help from the parking company at the button of the payment screen.
