Art Commissions 2025

Purchasing a commission means you automatically agree to the following terms:

- My full rights for the artwork retain which include, but are not limited to a right self-promotion, including my social media or portfolio.
- General commissions **cannot be used for commercial purposes**. Please specify in the inquiry if you wish to learn about licensing prices.
 - Artworks requested in relation to NFTs/Blockchain/Cryptocurrency **will automatically be declined**.
 - Artworks are strictly forbidden from being used in relation with AI / Image-Making softwares
- I reserve the right to decline a commission, especially if it goes against my terms of service.
- Purchased artwork can be used freely for personal use (wallpaper, personal prints, icons etc.)

Payment:

Prices are calculated on a project basis. For a direct quote, please message me via DM or email (annobrecka@gmail.com)

- Payments are made in **GBP (£)** via **Paypal Invoice (option for bank transfer is also available)**
- The commission will consist of 50% upfront payment to secure the slot and 50% after the artwork is finished, upon receiving a low resolution preview file.

Process:

-The Artist will provide a coloured sketch (*concept*) of the artwork. Only when the sketch is approved will The Artist proceed with any further refinements.

-With the progress of work, The Client will be notified of specific delivery dates regarding different stages of the commission (*concept* and once it's approved, *finished artwork*).

-Up to **3 revision sessions** are included in the base price of the commission. Any additional changes that were not specified in the initial list of revisions will incur a surcharge determined on a case-to-case basis.

-Upon completion, The Client will receive a low resolution preview file of the finished artwork. Only upon securing the second half of the payment by the Artist, will the full sized file be sent.

The Client:

As a Client, your obligation is to respond and communicate any feedback in a timely manner- failure to do so without prior notice may result in me not being able to guarantee meeting the deadline and/or you losing the commission slot.

-When inquiring regarding the price of a possible commission, please provide specific references for the type of artwork you seek. These can range from written descriptions, moodboards, premade reference sheets, whatever helps to make your idea come across.

-If there are any special requirements to the artwork (ex, specified delivery date, request to not posting on social media) please let me know in advance.

-The Client agrees they will not gain any monetary profit from the distribution of the image.

If you plan to print

Please let me know in advance. At the end of the process I can provide you with an additional .TIFF CMYK file. While I cannot guarantee the quality of the print itself due to the nature of the process, I will do my best to provide you with high quality files that are suitable for printing.

Please note at the minute I don't do commission prints myself.

Feel free to message me directly for any clarifications or additional questions.
