When you use the face-swapping function, we will only collect your face data to obtain the location information of facial features for subsequent face replacement. Your original avatar photo and face-changing results will be stored on your local device and our server. And this face data expires after 1 hour and we delete this data for our server, The face-changing algorithm will only run on the local device and will not be uploaded to the server. vent.

advertising information

We may display advertisements on the Services and may collect and use information about you, such as your device identifier, MAC address, IMEI, geographic location and IP address, for the purpose of tracking advertisements. This information is used to create internal user IDs to help us better count and track advertisements based on language, geographic location and other details. We do not sell this information to third parties.

Information Collected by Third Party Services

The Services we provide may include third-party tracking tools belonging to our service providers. This third party may use cookies, APIs (application programming interfaces) and SDKs (software program development kits) in the services we provide, thereby collecting and analyzing user information on our behalf. Third parties may have access to information such as your device identifier, MAC (Media Access Control) address, IMEI (International Mobile Equipment Identity), region (specific location in a given language), geolocation information, and IP address for the purpose of In Realization provides services under their respective privacy policies. Our Privacy Policy does not cover the use of third-party tracking tools. We do not have access to or control over these third parties.

other information

We may also collect other types of information that are not personally associated. For example, operating system type and version number to understand system upgrades, system language for language adaptation, application list to understand user preferences, etc. The purpose of collecting this information is to improve our services to you.

● **How we use information**

The purpose of collecting user information and personal information is to provide you with our products and services and to ensure that we comply with applicable laws. Based on the section "What information do we collect", we use your user information and personal information for the following purposes:

(1) Product service. Provide, process, maintain, improve, develop our website and/or provide our services to you, including customer support, and other services provided through the device or website.

(2) Statistical analysis. Analyze and develop statistical information related to the use of our products and our services to better improve our products and services.

(3) Provide location-based services. When using our services, we or third-party service providers may use location information to provide you with the correct version of the service and an accurate location to obtain the best possible user experience.

(4) Improve user experience. Certain opt-in features, such as the User Experience Program, allow Face to analyze data about how users use our products and services in order to improve the user experience.

(5) Provide push service. Face account and device information may be used to provide Face push services to evaluate advertising performance and notifications of software updates or new product releases. You can turn off this feature at any time by changing your preferences under Settings.

(6) Verify user identity. SMS verification during account login to ensure that unauthorized personnel cannot log in; the live video function verifies user identity to comply with applicable legal requirements.

(7) Collect user feedback. Your feedback is extremely valuable to help Face improve the service. In order to track your feedback, Face may use the personal information you provide to contact you and keep records.

(8) Others. Store and maintain information about you for the purpose of operating our business or complying with legal obligations.

● **Information Sharing and Disclosure**

We do not sell any personal information to third parties. We have no right to share and/or disclose all or part of your personal information to third parties unless the following circumstances occur:

(1) To protect the personal or property safety of others;

(2) To prevent or resolve online fraud;

(3) Safeguard the legal rights and interests of Face Company;

(4) To achieve the purpose stated in the section "What information do we collect", the prerequisite is that the recipient of such disclosure should be equally bound by this policy and can provide adequate protection of information;

(5) According to the provisions of laws and regulations, or comply with the requirements of government departments and judicial organs; usually the foregoing requirements are to protect network security and protect the rights, property and safety of us, our users and third parties.

● **Information Security**

We use reasonable measures to prevent the loss, misuse, unauthorized access or disclosure of information. For example, in some services, we will use encryption technology (such as SSL) to protect your personal information. But please understand (in the Internet industry) that even if we do our best to strengthen security measures, it is impossible to guarantee 100% security of information all the time. You need to understand that the system and communication network you use to access our services may have problems due to factors beyond our control.

● **Information Access and Control**

We will take all reasonable and appropriate technical means to ensure that you can access, update and correct your personal information or other personal information provided when using our services. When accessing, updating, correcting and deleting the aforementioned personal information, we may require you to perform identity verification to ensure the security of your account.

● **Data Retention and Deletion**

Subject to the requirements of laws and regulations, we will retain your information (including personal information) in accordance with the "How We Use Information" section or within the time frame for providing services to you. If you wish to withdraw your consent to the collection, use and disclosure of your personal information collected by us or to delete your personal information, please send an email to lpjxlove@gmail.com

● **Applicable law**

This policy, including but not limited to the formulation, effectiveness, interpretation, performance and dispute resolution of this policy, shall be governed by the laws of the People's Republic of China (excluding the laws of the Hong Kong Special Administrative Region and the Macao Special Administrative Region). We do not represent or warrant that this Policy complies with the privacy laws of any jurisdiction and, therefore, you should not interpret this Policy in accordance with such laws.

● **Updates to this policy**

You agree that we will update this policy accordingly in accordance with laws and regulations or business decisions of Face, and you are willing to be bound by the revised policy. If there are major changes to this policy, we will make announcements on the website or push information when necessary.
