

Describe Three Other Government Services

You have learned of a number of government services:

- Food has to be safe to eat.
- Garbage and recycling have to be collected.
- Health clinics and hospitals have to be built and staffed.
- Roads need to be built and repaired.

Think of three other services that the government provides that people need. Write a sentence to describe each. Explain what it is that people need.

Example Some people who have difficulty hearing need to get their hearing tested and the government provides this service.

1. _____

2. _____
