## Apply for an Alumni Mentor by 10/28/2023

Apply by Saturday, October 28th for the 2023–24 School Year!

[APPLY TO BE A MENTEE!](#)

If you're an alumna/us looking to be mentor to current students, [click here](#).

### Program Overview:

Founded by Stuy alumna **Yanjie Hou '06** in 2014, the Stuyvesant Alumni Mentoring Program is a facilitated group-based mentoring program that connects Stuyvesant alumni with the current student body to facilitate individual growth for Stuyvesant students. Over the course of the program, accepted applicants will learn about careers in numerous fields, develop a lasting bond with Stuyvesant alumni, and gain essential skills for success.

The Alumni Mentoring Program wants to provide YOU with the information and insight you need to:

- **Market yourself** as an unique individual with passions and ambition beyond the statistics of your high test scores and numerous AP classes
- **Gain perspective** on the college admissions process from a number of alums who have conducted admission interviews with Stuyvesant students for top universities
- **Explore careers** of different industries such as engineering, medicine, computer science, business, and law
- **Learn lifelong professional skills** such as marketing yourself in a resume, preparing for interviews, and communicating with adults and other professionals

Most Stuyvesant students do not realize that colleges look beyond a certain high GPA/SAT score. In actuality, college admissions seek students with leadership potential, developed passions, and ambition. They want students who are primed for success – people that know what values are important in life and how to utilize the universities they are applying to further develop their potential.

Furthermore, success in the real world demands more than just pure intellect. Communication, public speaking, social and professional etiquette, and knowledge about different careers are just some of the many knowledge and skill set required in a professional work environment. The Stuyvesant Alumni Mentoring Program is intended to help you develop these key skills.

## PROGRAMS, OPPORTUNITIES & LINKS OUTSIDE STUY

### Catch the Info - Review of Financial Aid Workshop for Seniors

**Thank you** to everyone who was able to tune in last week for the College Office’s **Financial Aid and College Affordability webinar!** We had the pleasure of hearing from Samantha Veeder from University of Rochester. While we were not able to record, Ms. Veeder’s **slides have been added to the Naviance Document resources under the name Financial Aid Webinar Slides Fall 2023.** (*Find it by clicking the upper right hand side of your Naviance account and navigating to Documents*). You may also see it in the Document Hub on Talos at this link. A few key foundational Financial Aid concepts:

STUYVESANT HIGH SCHOOL CLASS OF 2024  
**COLLEGE AFFORDABILITY**

- The Financial Aid screening process (FAFSA, CSS Profile, Institutional Aid forms, etc) help the college understand the family’s ability to pay, not to be confused with willingness to pay.
- The FAFSA release is delayed this year and the government has shared that the FAFSA will be released in December of 2023. Students and parents can set up their FSA ID now in advance of the FAFSA release.
- Every college uses their own process for Financial Aid, visit each school’s website to learn which forms are required and what the deadlines may be.
- *If you have an EA or ED school that uses the CSS Profile, that form is already available and is often due in November, check your school’s website to confirm.*

In Naviance Document Resources, you will also find another new document called [Financial Aid Highlights Class of 2024](#) with additional information and key links. Use this long weekend as an opportunity to have an open and transparent family conversation about your family’s specific college budget, including if borrowing loans are right for you and what amount of loans might be financially healthy for your family. Review your list to be sure you’ve built a set of schools that will have a high chance of falling within your budget.

For additional Financial Aid resources translated into other languages, please visit the Office of Student Pathways website and use the ‘translate’ feature in the upper right hand side of the page.
