

GO TREKKING!!!

TASK 1: Look for 10 places where you can go trekking and place them in a map.

Then, choose the place you will prefer to visit among the ones you have placed in the map. Look for information and prepare a short paper where you explain:

- What place have you chosen?
- Why have you chosen it? Why would you like to go there?
- What kind of activities can you do there?
- How can you get there with your class? Plan the trip!

EXTRA TASK: Visit a river, a mountain or an island in Spain and bring evidence of your trip: pictures of you in that place and explain where it is and what interesting things you experienced.
