

Infinity AI Art Remix Contest 2

Below are selected scenes from Infinity Labs' ["Scenes of the Solverse"](#) Collection for Jaymie's Short Fiction Story ["The Infinite Canvas: The Edge of Both Ends."](#) Use these scenes as inspiration to create your AI art images.

Scene # 0352

Scene # 0111

Scene # 0281

Scene # 0878

Scene # 1064

Additional Inspiration: Merged Scenes

In the original Scenes from the Solverse collection, collectors were able to merge duplicate timeline scenes to unlock new characteristics, including additional animation, music, and a space attribute (all 8-timeline merged scenes were sent to the [International Space Station \(ISS\)](#) in 2022, where the same signal was also beamed out to space!).

Your Mission: Reimagine scenes from the Infinity Collection and transform them into visual narratives for our next community film, *The Infinite Canvas: The Edge of Both Ends*, written by Jaymie.

Goal: Community remix and build on top of Community Infinity Universe.

Deliverable: Submit 10-12 images of remixed scenes. Provide a public Google Drive link containing all your reimagined scenes. For extra points, create a twitter thread that showcases your reimagined scenes.

Judging Criteria for Reimagined Scenes:

1. Creativity and Artistic Interpretation

- How unique and imaginative are the AI generative images?
- Does the art showcase imaginative interpretation of the story?

2. Technical Quality

- Are the images clear, detailed, and of high resolution?

3. Cohesion and Flow

- Do the images work well together?
- Is there a consistent style and theme that ties the images together?

Eligibility Requirements:

1. Must follow Infinity Labs on [X](#) and join our [Discord community](#), feel free to say hi and drop your art in the general chat! Also, be sure to add your Discord ID in the bounty submission form (under the "anything else" section).

Submission Requirements:

1. All AI-generated art images must be in a 16:9 aspect ratio.
2. The link to your submission must be publicly viewable on and after the submission deadline. Private links will not be accepted.
3. Label the remixed scenes according to their corresponding scene number. Clear labeling helps in identifying and comparing the remixed scenes to the originals.
4. Once the submissions have been made, no changes can be made to the submission form. Ensure that your submission is final before sending it.

If you have any questions or need clarification regarding this AI Art Contest, feel free to reach out to us on [Discord](#) or shoot us a DM on [X](#).

Thank you for your interest in joining our AI Art Contest 2. We're excited to see what you create.

All the best,
