### Post Kick-Off Schedule:

Week 2: Pedagogy

Week 3: Building Community

Week 4: Online Learning and Accessibility

Week 5: Online Assessment and Evaluation

Week 6: Policies and Preparation

Week 7: Summation and Closure

Week 8: Leading Edge Certification Portfolio Submission and Peer Review

the current dates please check out [www.appsevents.com](http://www.appsevents.com) . The course kicks-off with a face-to-face meeting to assist you in navigating the rigor of the course work and to physically meet with your fellow course participants and facilitator(s). The remainder of the course is completed asynchronously, for eight weeks.

Don't see a date or location that works for you? We would also be delighted to host a course at your school or college. This also works great for you as normally we open the event to educators from other schools in the area so it helps establish your institution as a 'Google Apps school'. We also have the option of running an extended 2-day event.

### **Who is the course suitable for?**

- Online Educators
- Classroom Teachers
- Professors of teacher certification programs
- Educational leaders

### **Where can I find more information?**

- [Leading Edge Certification Home Page](#)
- [Leading Edge Certification TICAL](#)

### **Tasks to complete before the course**

- Have access to a Google account
- Have some familiarity with an online course
- Be self-determined
