How can I submit my work to Strikeplagiarism for similarities and plagiarism checking?

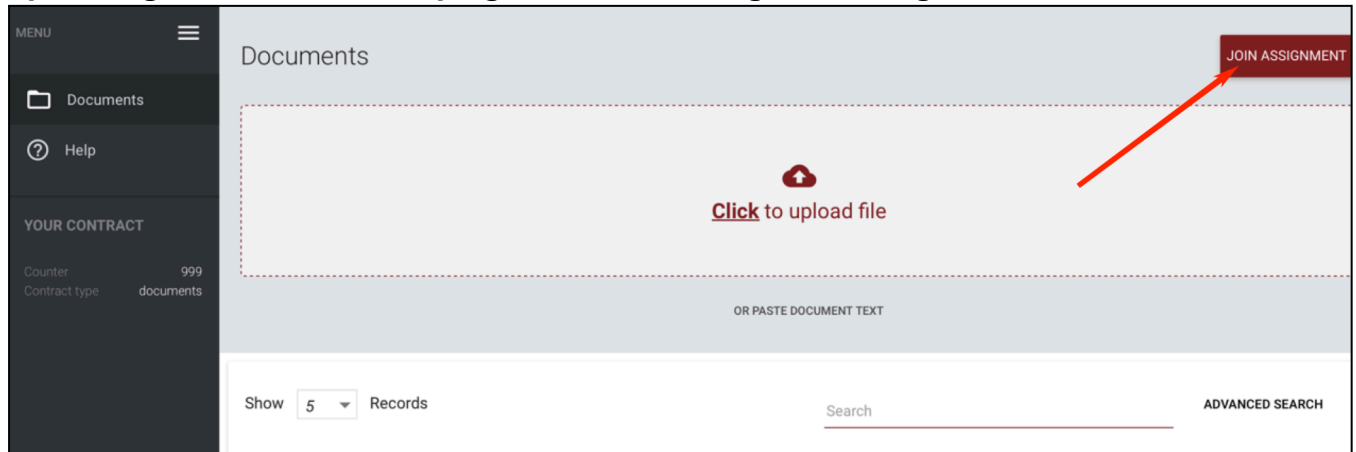

Options:

1. The teacher uploads the work to the system himself/herself
2. The teacher creates a task or "Assignment" in the system and shares the code with which the document must be uploaded - [see further here](#).
3. The lecturer has activated the plagiarism check in the HTM Moodle course for the assignment. The document is automatically submitted for plagiarism checking as soon as it is added to Moodle.
4. I log in to Strikeplagiarism.com and, by adding the assignment, add the teacher who gave the assignment as its recipient - [see further here](#).
