

DIRECTIONS FOR VIDEO RECORDING THE EASTER ANTHEM, **ALIVE**

HELLO EVERYONE!

Thank you so much for volunteering to celebrate Easter! We want to make this video as celebratory as possible! I would love to see you smiling, sing with your children, and even dance while you sing! Worry less about singing it correctly, but more about how to bring joy to the congregation who watches it, and ultimately to the Lord. Let us express the joy of Jesus' resurrection through this project!!!

Here are some directions I'd like you to follow as you video record yourself.

1. Spend some time learning the song by listening to the practice track, while following the sheet music in the Google Drive.
2. When ready, pick a well lit spot where your face is nice and bright
 - a. Make sure that your mid torso to top of your head is clearly seen
 - b. Be aware of your surroundings
 - c. Wear a white top
 - d. Wear a big smile throughout the song!
3. *****Have your camera orientation "horizontal"*****
4. **Be sure to listen to the track with your earphone as you record**
5. Using a phone or a laptop, begin video recording, then start the music.
6. REMEMBER TO SMILE!
7. At the end of the song, wait 5 seconds, then turn off the camera
8. Send the video to me by uploading it to the Google drive or Kakaotalk. My kakao id is **jaeshu**
9. If you run into any issues, please send me a text at 714-392-4552 or email me at jaeshu@gmail.com
10. I would like to hold a zoom meeting on 3/23 at 7 p.m. Please reserve that time for about 30-45 minutes.
11. All files must be submitted by 3/30/21

HE IS ALIVE!!!!
