

The Super 3

Research Method for TTSD Students

BEGINNING: Plan

Step 1: Plan

Before you start your project, ask yourself:

- What am I supposed to do?
- What will it look like if I do a really good job?
- What do I need to find out to do the job?
- What questions do I need to answer?

MIDDLE: Do

Step 2: Do

Read information about your topic and take notes.
Share what you've found by completing the project.

- Where will you find your information?
- What supplies do you need?

END: Review

Step 3: Review

Revisit your project to see if you can improve it.

- Did I do what I was supposed to do?
- Do I feel ok about this?
- Should I do something else before I turn it in?
