

## Ready, Respectful and Safe

We're ready, respectful and safe,  
Ready to take on the day,  
We're ready, respectful and safe,  
Doing it the Sidlesham way

To be ready for school you must follow these rules of being ready, respectful and safe,  
Ready your body and ready your mind with breakfast inside your inside,  
Get to class on time in right state of mind with all the equipment you need,  
If you're ready and listen then you'll not be missing this chance to learn and succeed

Chorus

You must listen **to** learn and take it in turns; respect what everyone has to say,  
Value yourself and all those around you and everything will be ok,  
We show respect for our books, and our pens and our glue sticks and always put the lid back on,  
We respect the world around us and everything in it so we can all get along

Chorus

Stay safe in school and wherever you go by being careful in all that you do,  
Look both ways when you're crossing the road and nothing bad is going to happen to you,  
Be kind with your actions, your hands and your feet, treat people how you'd like to be treated,  
Don't run in the halls, keep your laces tied and don't swing on you chair when seated.

Chorus
