

Advanced Digital Photography Project 17 - Capturing Emotions - Rubric

Due on Day 3

Being skilled at observing human emotion, an understanding when, why and how an expressed emotion occurs is central to a greater understanding of humankind and, from a photographer's perspective, fundamental to creating work that makes a true connection with an audience.

-20 finals photos of "emotions"

-from everyday life, a public event, mundane activity, simple situation, etc. Create a list of emotions you would like to capture, if that helps you.
