To Whom It May Concern:

I am writing to recommend **Niraj Alone**, who worked with us at LeaderHub, a division of Aarya AI, LLC, from August 1, 2024, to May 30, 2025. During this time, Niraj served as a Full Stack Application Developer and made significant contributions to our projects.

Niraj is an exceptionally sharp and versatile full stack engineer. He is proficient in React, Next.js, Java Spring Boot, and Express, and he consistently demonstrated a strong command of these technologies in delivering high-quality solutions for our clients. His ability to design and implement both frontend and backend components with efficiency and precision has been invaluable to our team.

Niraj is not only technically adept but also highly collaborative and adaptable. He seamlessly integrated with our development team, readily accepting new challenges and approaching problems with a pragmatic mindset. His work consistently met or exceeded expectations, and he was instrumental in helping us launch several key initiatives.

I am confident that Niraj will be a valuable asset to any organization he joins. Please feel free to contact me at sanjeet@leaderhub.io if you would like to discuss his qualifications or performance further.

Sincerely,
Sanjeet Sahay,
