

21C Writing Prompt

Grades: K-5

What is the best way to get around? We're talking about transportation--trains, planes, cars, trucks, boats, you name it!. In this activity, you will get to tell all about the future of travel. How do you think people will travel in 100 years? Will they still drive cars? Will they fly with a personal jet pack? Imagine a new world of travel. When you are finished, share it with someone. As always, you get to be as creative as you'd like. Older students can write more sentences and details!

Future of Travel

In 100 years, kids will travel to school in...

They will wear special equipment like...

It will take a whole (second/minute/hour/day) to get there...

The craziest part about traveling in these is...

My dream vacation would be to go to travel around the world in a...

I think that traveling today will be (more/less) fun than traveling in the future...

The most popular way to travel in 100 years will be by... (Give lots of detail!)

What will travel look like in 100 years? Draw a picture.
