DISCLAIMER: BY FOLLOWING THIS BLOG, YOU HAVE READ MY RULES AND AGREE TO THE TERMS & CONDITIONS OF THESE RULES. BY SENDING ME ANYTHING, YOU HAVE READ MY RULES. FAILURE TO ABIDE BY THESE RULES MAY RESULT ACTION BEING TAKEN. YOU HAVE BEEN WARNED.

RULES

I. [THIS IS A SIDE BLOG.](#)

I cannot follow back on this blog. Just make sure you follow me on another blog OR you have my discord account/we've talked prior.

II. [SUPER PRIVATE && SELECTIVE.](#)

No hard feelings but this blog is a plots only blog. It is only available to people I have spoken to OOC. Mainly because I want this to be pretty low maintenance as a blog.

III. [STAYS CANON TO A FAULT.](#)

The core plot-line stays intact. However there will be some minor discrepancies in regards to my Byleth. Please respect that.

IV. [EXTREMELY LORE HEAVY.](#)

I am super heavy into lore & history. I do a LOT of research into my character before writing HCs. I will dive into a lot of lore within the game, so you may find me just drowning in game-lore / theory.

V. [SHIPPING.](#)

While I am not actively looking for ships, they are welcome so long as the chemistry is there. Please know that I do NOT do illegal ships. I also don't do underage NSFW. So you will not see any of that here.

VI. [DO NOT.](#)

Take any headcanon content I have made nor any shipping content I have. Please just don't take anything from me... Also please do not use me as somebody you can replace. If I find that you are using me, I will block.

VII. [GODMODDING.](#)

These things are discussed. But know that Byleth is a strong character who becomes a god.

VIII. [DUPLICATES.](#)

I do not mind dupes. Please feel free to follow & interact. I actually implore you to do so. :)

IX. [TRIGGERS.](#)

This blog may contain themes of nudity, violence, injury, & death - among other things. I try very hard to tag appropriately. I tag like this: 'trigger' tw / I don't really tag threads, but I will if asked to. Just let me know kindly.

X. [ACTIVITY.](#)

Activity will always be low on here. OOC posts are kept to a minimum, unless they are HC posts. Know that my replies and answers will take FOREVER sometimes.

XI. [PLEASE SEND ASKS.](#)

They are more than welcome. I don't mind answering things.

XII. [COMMUNICATE.](#)

I am quite friendly. I prefer people to approach me than using the anon feature. If something doesn't make sense, or offends you, please talk to me nicely. Know that I generally try my best not to offend people.

XIII. [ANON HATE.](#)

Anything that I find to be hate, will be either responded with no response or be placed in a random doc that I will make public to people. Just don't send it & maybe move on with your life?

XIV. [BLOCKING.](#)

This will only be resorted to if everything else fails. You can use this account to contact me if you wish though (if i have you blocked elsewhere). I really do try not to block people though.

XV. [QUESTIONS.](#)

Ask me nicely please.

XVI. [GRAPHICS & CREDIT.](#)

Most PSDs / Banners / Icons / Themes / ETC you see have been made by myself. Artwork used ARE NOT mine unless I have stated it is my art. If you see any artwork on my blog that shouldn't be there, let me know kindly & I will take it down. All art credit

goes to their respective owners & I take no ownership for them.

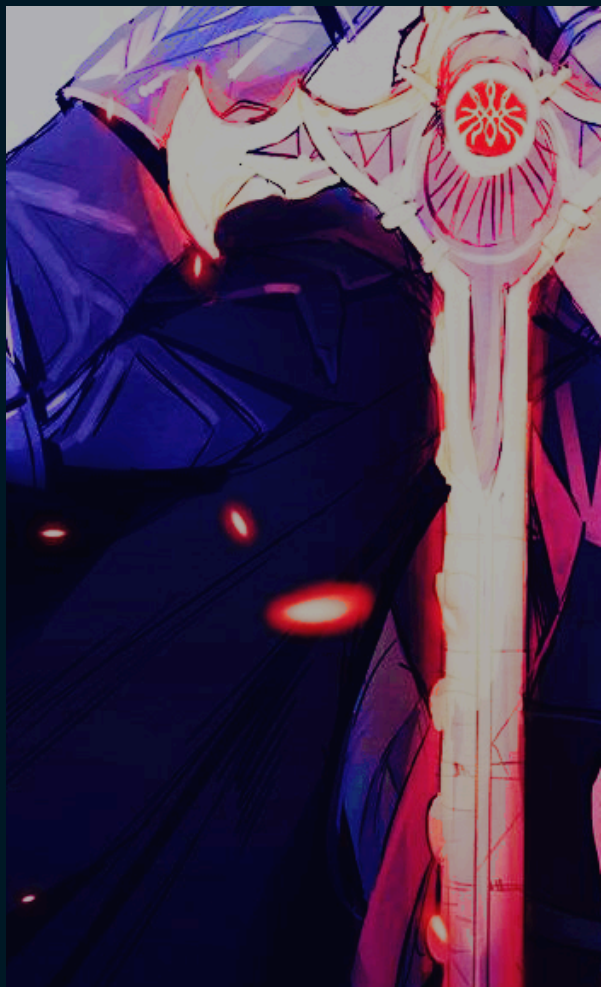

For sources of the artwork: I have a bookmark for the resources and often try to find the disclaimer / rules for the artist before using them. I try my very best to LOOK for the OP but sometimes even I make mistakes. Please, if you find something that shouldn't be on here, let me KNOW, I will always take it down on request.

XVII. [MUN.](#)

Hello, I'm khepri, or kkep for short. I also am known as Pickle or Red. I am your friendly neighborhood dragon. I am a very tired bean though. I am 21+ and I have been RPing for a really long time (~10 years). I do prefer he/him pronouns, I am a college graduate with 2 degrees, & [I work in law enforcement.](#)

Updated 7.9.2020

1* in her twin verse, her default name is **BERESU**

2* default && main partner. consider claude to be taken by default. VERY LITTLE room for possible ALTERNATE relationships. (please see rules in regards to shipping)

3* verse dependent

4* haha i'll explain this later.

To be updated when I find the time.

SOMETHING TO NOTE:

I am replaying FE3H right now. I never finished the game and forgot what I was doing. I know most spoilers already. Please bear with me as I try to get through my playthrough of the game. I always look stuff up and read as well.

Also, Her Page and stuff will be up eventually. Forgive me I am a hot mess.
