BACKGROUND INFORMATION:

MCCAIN, Gregory was born on the 22/08/██████ in Kortrijk, Belgium to the mother Michelle Delage (occupation: Lawyer for local law firm) and father Michel McCain (occupation: City Council of Kortrijk, assigned to Infrastructure), and attended Kortrijk Lagercouters, until eighteen years of age, where he excelled at math and political studies. After inspection of his grades, MCCAIN was selected to study at the University of Ghent Faculty of Political Science, located in Ghent where he obtained his master's degree in the substudy of POLISOC. After obtaining his degree, MCCAIN went into politics and joined the local right-wing party, going to the elections of ██████ and trying to obtain a seat in the City Council. MCCAIN was not elected to join the City Council, and he returned to his study to obtain a job at his party ministry as an aid to the minister. This is where his first job began.

Post-Education: After his education, MCCAIN stayed and bought his own house in Kortrijk, Belgium. He worked in Brussels, under the direct supervision of the Minister of Internal Affairs for Belgium. At a later time, MCCAIN was found out by the Foundation as part of a general recruitment round. He was deemed fit to join the ranks of Internal Affairs by Ambassador ██████. The Ambassador and an agent assigned to the team of the Ambassador made an appointment to speak to MCCAIN. The initial offer was turned down, but later recruitment was semi-forced, after detaining MCCAIN and explaining to him the workings of both the SCP Foundation and the Department of Internal Affairs.

MCCAIN later served as an agent within the Department of Internal Affairs, serving with a clean record and dedication unmeasured within the department. He later got promoted to the rank of Ambassador within the department.

Promotion issued by: Department Director ██████████ on 27/05/██████

RECORD OF SERVICE:
