

Hi Freedom Group,

We were challenged in Lesson 9 to activate the power of Scripture in our lives. **Use the resource, Scriptures for Living in Freedom [pgs. 189-211] to find a Scripture that is speaking straight to you.** Write it down and place it somewhere that you will see each day.

This week, there is no homework. Take some time to process and journal [pg. 135] all that God has been doing in your life through the past few lessons. We will start our next section with a video teaching from Pastor Chris through Lesson 10.

The Freedom Conference [December 13-14, 2024] is an opportunity for God to leverage all that He has been doing in your life over the semester. You will experience the freedom that only Christ can bring in your life.

You can find retreat information and registration at www.thecelebration.church/freedom.

Please let us know if you have any questions.

Praying with you,
