

# The Joyful Stamper

Nicole Steele

1. Cut a 5-1/2"x8-1/2"" piece of Thick Very Vanilla cardstock. Score and fold at 4-1/4".
2. Cut a 5-1/2"x3-3/4" piece of Early Espresso cardstock. Sand the top and bottom with a nail sanding block (found at dollar stores). Glue to card with Multi Purpose Liquid Glue.

3. On a 4- $\frac{1}{8}$ "x5- $\frac{3}{8}$ " piece of Very Vanilla cardstock, stamp the pumpkins image in Pumpkin Pie ink. Stamp the sheaf of wheat image in Cajun Craze ink. Stamp the splatter image in Soft Suede ink.
4. Scribble a Blender Pen over those stamped images to pull the ink across the images. Run background through the Stampin' Cut & Emboss in the Tasteful Textiles 3D Embossing Folder. Glue background piece to the card.
5. Cut a 1"x4" piece of Gilded Autumn DSP. Use Paper Snips to flag the ends. Glue to card.
6. Using the small label die from Halloween Magic, cut one from Gilded Autumn Designer Series Paper and one from Brushed Metallic Cardstock (copper used here).
7. Cut metallic label in half. Use smallest leaf die from Gathered Leaves to cut a leaf from each half of the metallic label. (Don't worry! We'll cover the cut portion). Glue those 2 leaves to the inside of the card.
8. Glue each half of the metallic label to the back of the Gilded Autumn DSP label, letting the ends extend a bit farther than the DSP label (see photo). Glue finished piece to card.
9. Stamp large leaf twice in Early Espresso ink on Very Vanilla cardstock. Color one leaf with Dark & Light Pumpkin Pie Stampin' Blends. Color the other leaf with Dark & Light Cajun Craze Stampin' Blends. Outline each leaf in Dark Mint Macaron. Cut with Gathered Leaves die.
10. Using the same die, cut a leaf from the Gilded Autumn DSP. Glue all 3 leaves to the card with Stampin' Dimensionals.
11. Stamp sentiment in Early Espresso ink on a 1"x4" piece of Crumb Cake cardstock. Emboss with Tasteful Textiles 3D Embossing Folder. Fold back the left and right sides of the sentiment piece, then fold part of the sides forward to create a lifted banner. Attach to card with Stampin' Dimensionals underneath the middle part.
12. Pull apart a 6- $\frac{1}{2}$ " piece of Braided Linen Trim. Pull out 3 strands. Fold the Braided Linen Trim in half and use the strands to tie a knot around it. Attach to card with mini Glue Dots.
