VI. Review and Approval

- **Plan Community Celebration:** *finalize details for the May 18th celebration: Emily will bring coolers and ice, Vivian will order the canned waters from Costco to be delivered directly to school. No need to decorate the doors – lots of artwork will be displayed already for Open House classroom visits. Thank you John Hallgrimson for baking and donating 400 cookies for the Celebration! Set up a table to hand out a drink and a cookie to each guest.*
- **Career Evening Planning:** *review Career Interest survey results and plan next steps. So far only 6 parents have completed the survey. A good idea was shared to create a QR code and have that in the classrooms at Open House. Sara Kee created the QR code and will give copies to all teachers.*
- **Parent Education Classes:** *Set date/time for a class in Phoenix Hall - table to the fall.*
- **Review 2023 Youth Truth Survey & LCAP Goals -** *slideshow presentation (R. Meechan). Reviewed by the Site Council and the members agreed with the new goals.*
