Themes: Threesome, Dom/Sub, Bondage

Summary: Part 2 of [Dom & Subs](#). Now that they're no longer virgins, Izuku and his two needy subs have fun exploring all other sorts of things. Including him having both of them at the same time, rather than just one after the other like their first time. The sky is the limit~

-x-X-x-

Their first time together was great, don't get them wrong. But it was also... simple. Vanilla, one might say. Or at least as vanilla as tying up your virgin lovers and losing your virginity while taking theirs as they lay there spread eagle on the bed could get anyways.

... It was vanilla for the three of them, ultimately. But then, that was very much by design. Ochaco and Momo both might have made it clear they wanted Izuku to do whatever he wanted to them, but Izuku in turn didn't want to mess anything up. He wanted it to go perfectly.

And it HAD gone perfectly. It was a hands down awesome experience from start to finish and all three of them agreed on that front. But that meant they wanted more. It meant they wanted to do it again, but even better. Now that the three of them were no longer virgins, well... the sky was the limit, wasn't it?

And so here Izuku was, tightening up the last of the rope on Ochaco and making sure its snug and secure. The brunette lets out a cute little moan as

he pulls on the rope one last time before letting go and stepping back to admire what he's achieved.

Kneeling there in front of him, both Ochaco and Momo looks absolutely ravishing at the moment. Their arms are tied tightly behind their backs, while the complex rope bondage Izuku has used, derivative of the ancient art of shibari, makes their breasts protrude out from their bodies.

On top of that little fun tidbit, they're also both blindfolded and have been since the start, robbing them of their sense of sight. This was on purpose because Momo had read somewhere that if you took away one sense, the other four senses tended to become enhanced after a time.

Basically, the longer they were blindfolded, the more focused they would become on the sounds reaching their ears, the touch of his hands on their bodies, and the smell of his musk and sweat mixing with their scents in the air. Not to mention... taste~

Izuku's cock is out and proud, his hand stroking it the rest of the way to fully erect as he stares at his two beautiful submissive girlfriends for a long moment. Finally, he nods.

"Turn and face each other."

"Yes Master."

"Understood, sir."

Ochaco and Momo both shuffle around. They know where the other is, having been touching hips mere moments ago. Now, they move so that they're touching knees and are in front of each other, their blindfolded faces

about a foot and a half apart. Their protruding breasts are even closer still to start with, but Izuku is about to make them a lot closer.

Smiling, he steps forward and reaches out. One hand winds its way through Ochaco's brown locks. The other hand grips at the base of Momo's black ponytail. Both women let out hisses of anticipation, their breath hitching and their tits jiggling as they wait expectantly.

Izuku doesn't make them wait long. He brings them together, his hands on their heads guiding them forward gently but firmly until finally, their lips touch. Their tits touch too at the same time, their breasts confined by the rope pushing into one another and causing startled little moans to leave their mouths right as they wind up in an involuntary kiss.

Though just because it starts out involuntary doesn't mean they don't want it. Under Izuku's direction, they kiss each other quite eagerly, swapping spit and dancing their tongues between one another's mouths. It's a beautiful sight that makes Izuku smile in happiness because it just goes to show that his girls, for all that they are HIS... also belong to each other.

Sure, he's the dom and they're the subs, but the three of them are all deeply in love with one another at the end of the day. It's good to see proof of that, even if it's Izuku who has initiated the heated makeout session in the first place.

Of course, eventually... well, he wants to be involved too. And there's a reason he's done all of this so far. Smirking, Izuku finally moves his hips forward the last couple inches to bring into play what's been hovering oh so close to them all this time. Because of the blindfolds, Momo and Ochaco had no idea... right up until they feel his cockhead pressing against their currently lip locked mouths.

They both freeze up for a moment, but when it finally dawns on them what's happening, they slowly pull apart, letting their tongues and lips disentangle so that he can push his cock between them inch by beautiful inch.

Moaning softly, Ochaco and Momo immediately start to makeout with Izuku's cock instead, his dickhead first and then the rest of his shaft as he basically holds their heads in place and uses them for a blowjob sandwich.

Izuku tosses his head back with a groan, the sensation of their tongues sliding across either side of his cock and their lips sucking down on his sensitive flesh almost too much for him. But he holds back all the same, keeping himself in control as he shudders in pleasure.

Can't cum too early after all. That would just be rude and Izuku is nothing if not a considerate dom~

Still, the act of sliding back and forth between their mouths is truly something else. Especially when he makes sure to pause every time he pulls back enough for their heads to turn and them to engage in a three-way kiss with his cockhead again. Their lips partially come together and their tongues wrestle with one another as much as they lavish praise and worship his glans.

It's truly an amazing sensation, in no small part because of how eager to please they both are. He doesn't even have to give them orders; they just go at it like the enthusiastic pair of submissives they are. Until finally, Izuku can't hold back anymore. Not with how good it feels having their mouths softly moaning all over his cock.

As his balls churn and tighten and his dick pulses and throbs, Izuku makes sure to bring them both back away from his shaft one final time, letting them kiss and makeout with each other and his cockhead yet again. Except

this time, rather than allow them to go back down his length, he pulls them off of his cock entirely, holding them cheek-to-cheek right in front of his dick.

They barely have the time to be confused, their tongues still trailing out of their mouths and searching for his dick, before Izuku tips over the edge. Momo and Ochaco both flinch as the first ropes of his cum hit their faces and splatter across their blindfolds. However, once it dawns on them what's happening, they happily tilt their heads up and loll their tongues out properly, opening wide to accept their facials.

“Ahhh~”

“Mmm!”

Izuku coats their faces and tongues in his seed, covering them both in the thick, viscousness fullness of his load. By the time he's done cumming, they're both visibly messy and sticky, drenched in his seed. Which of course is why, having given them quite the pair of facials, Izuku then proceeds to turn them back to face one another again.

“Clean each other off.”

The following show is a little funny while also being incredibly sexy. There's no helping the funny part, really. Without their eyesight or any specific target (like each other's lips) all they can do is basically... slide their tongues around on one another's faces and hope they collect the cum off of each other's cheeks, foreheads, and noses.

It's still very, very arousing to witness though, especially since they're rubbing their tits together the entire time and also Izuku can help them out whenever he wants using his hold on their hair.

Eventually, his cock is rock hard again and their faces are... mostly cleaned of his cum. Or at least, they're as clean as they're going to get. Which means it's time to move onto round two.

"Stand up, we're moving to the bed."

Momo and Ochaco both moan as he tugs sharply at their hair, pulling them both to their feet. With their arms tied behind their back and their eyes taken from them, they can't do much more than as they're told, letting him pull them up and guide them where he wants them to go.

Which of course is to the bed, as he'd already said. Though as they all turn to said bed, Izuku doesn't bother waiting for them to get up onto it. That would take far too long in their current states. Instead, he moves his hands to their necks, lifts them both up carefully but firmly, and tosses them onto the bed.

They land on their sides just as intended, letting out cute little squeaks as they wind up facing each other. Because of their arms being bound behind their backs, neither is quite able to get onto their backs or even turn at all before Izuku has reached them and grabbed hold of one ankle apiece.

Pulling their legs up into the air, he lets them drape over his shoulders as he leans forward and grabs a handful of each of his lovers' asses. Using that grip, he brings their crotches together... and grins as they both moan from the sensation of their pussy lips grinding and hotdogging his still-throbbing erection.

His cock twitches and pulses as he slides it up between their bodies, the both of them quickly and eagerly getting into the spirit of things when they start humping away at his dick. Gyrating and grinding their pussies down

on his member, Momo and Ochaco get flushed and start moaning up a storm in no time at all.

Then, they seem to remember that their mere inches away from each other's faces again and they come together once more in another lip lock, making out heatedly as their rope-bound breasts squish and push against one another.

Izuku enjoys the view of the two submissive young women all tied up, bound, and helpless for his pleasure. If anyone else saw this they would be shocked... but nobody ever would. To the rest of the world, they were Creati and Uravity, two up and coming Pro Heroes. But to Izuku... they were his.

With a grunt, he finally thrusts into one of them, punching his cock into Momo first. She squeals into Ochaco's lips and cums on the spot from the penetration, her extremely tight athletic pussy clenching down on his cock. But just as quickly, he pulls out of her and thrusts into Ochaco next, fucking her just as deeply and making the slightly plusher brunette shudder and orgasm all over his dick as well.

The first time around, Izuku had fucked them one after the other, together in a way, but mostly separately. This time around though, Izuku TRULY fucks them together, taking their pussies to pound town one after the other.

"Mmmm~"

"Nnngh!"

"H-Harder, please!"

"Use us, sir! Oh god, it feels so good~"

Their moaning cries, their mewling begging... it's all music to Izuku's ears. Meanwhile, their pussies are mutually tight and wet, clenching down on his cock one moment and begging for him back the next. Alternating between them is still an exercise in concentration of course, but Izuku makes it easier by adding a third step in the middle.

One thrust into Momo. One thrust between their pussies and mounds. One thrust into Ochaco. Back again. Over and over, he alternates between fucking both of them. With his self-control and the physical enhancements of his Quirk, it's not all that hard at all really. In fact, the only hard part is his big fat cock pushing in and out of their gushing wet holes.

Izuku honestly loses track of how many times his two submissives cum for him. Momo and Ochaco are soon on hair triggers, orgasming over every thrust, climaxing again and again without breaks, without pauses. Until eventually, they don't even have the strength to kiss each other anymore.

Instead, they're just laying there, moaning softly into one another's mouths, staring blindly into their blindfolds, their pussies weakly clenching down around his cock. It's then that Izuku finally tips over the edge. He starts off cumming inside of Ochaco, but like he's been doing this entire time, he pulls out and creams their bodies as well, before delivering the final third of his load to Momo.

Only after he's creampie'd both of them and his balls are fully emptied does Izuku let out a sigh and pull back, having spent most of his own stamina on the exchange. Not all of it though, not by a long shot. In fact, he's still plenty strong enough to begin untying the two of them, removing their blindfolds and helping them out by rubbing them down to make sure blood flows back to all the places it should.

He's in charge after all. Taking care of the two of them is his responsibility, and it's one he enjoys very, very much.
