

Privacy Policy for Bhasify Codeforces

Last Updated: January 25, 2026

Bhasify Codeforces ("we," "our," or "us") is dedicated to protecting your privacy. This Privacy Policy explains how our Chrome Extension handles your data. We believe in transparency and data minimalism; **we do not collect, store, or sell your personal data on our own servers.**

1. Data Collection and Usage

a. Google Gemini API Key To function, the extension requires you to provide your own Google Gemini API Key.

- **Storage:** Your API key is stored exclusively on your local device using `chrome.storage.local`.
- **Usage:** It is used solely to authenticate requests sent directly from your browser to the Google Gemini API (generativelanguage.googleapis.com).
- **Security:** We do not transmit your API key to any other server, including our own.

b. Content Translation When you click "Bhasify" (Translate):

- The text content of the competitive programming problem you are viewing is extracted.
- This text is sent directly from your browser to the Google Gemini API for translation.
- The translated text is returned to your browser and cached locally (`chrome.storage.local`) for 24 hours to improve performance.
- **MathJax & Formatting:** We process the text locally to preserve mathematical equations and code blocks. This structural data is not tracked or analyzed.

2. Third-Party Services

Google Gemini API This extension utilizes the Google Gemini API to perform translations. By using this extension, you acknowledge that the text content of the problems you translate is processed by Google.

- Please review Google's [Privacy Policy](#) and [Terms of Service](#) regarding how they handle API data.

3. Permissions

We request the minimum permissions necessary for the extension to function:

- **Storage:** To save your API key and cache translations locally on your device.

- **Host Permissions:**

- <https://codeforces.com/>*: To read and modify the problem text.
- <https://generativelanguage.googleapis.com/>*: To communicate with the translation AI.

4. Children's Privacy

Our extension does not knowingly collect or solicit personal information from anyone under the age of 13.

5. Changes to This Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page.
