

By purchasing my art/designs, you consent to my terms of service (ToS). Please read these and ensure you are okay with everything. Please comment if you have questions.

Thank you for your interest!! Let's get into the TOS.

Adopts and Customs

- Please use the designs! I spend a lot of time designing them - please do not use them as trade fodder.
- I would love it if you notify me if you trade a design of mine, but this is not required.
- If you buy a design of mine, you are welcome to change them as much as you like **as long as they are still somewhat recognizable**. If you have any questions you are free to ask me.
- Do not erase my watermark, as it is like erasing my credit as the designer.
- You are 100% welcome to decide gender, personality, species, etc. Let me know if you have questions on this.
- Please know that you can sell/trade/gift my designs freely. The only rule with selling is that **you cannot sell the base design for more than you paid. The only exception to this is to tack on the price of any added artwork** (for example, if you paid \$5 on a design by me, and you bought a piece of art for \$3, then you can change the price to \$8 But, if you have the base price of what you paid at \$5, DO NOT RAISE IT ABOVE THAT WITHOUT ART).
- **Mainly, please enjoy the design!** I love designing, and I do my best to create pleasing designs.
- Do not repost the design without permission from me! If you repost, please credit me.
- Payment is expected within 48 hours of me accepting your offer, unless you are approved to have the adopt on hold.
- Once bought, **you own that character**. I have no right to take it back from you without a refund for you.
- **Do not trace or copy my designs.**
- **If you receive a design from me for free and want to trade the character**, please respect that you received the character for free. Added art rules follow, but with what you receive, you can only trade or gift.
- Credit me the first time you draw them!

Strictly Customs

- All the same rules for above are included in this portion. This is just some more that is just for customs.
- You may ask me to change things on the custom, or you may change them yourself with no problem!
- I have the right to refuse a custom if I feel that I cannot/will not do it.
- You are free to ask for WIPs to see how the progress is going.
- A custom should be done within a month. Please let me know if it is past that.
- **Please provide gender, species, and a palette for a design you commission.**

- **Do not trace or copy my designs.**

Commissions

- **Please provide me with a character, and idea for each commission.** If there is no idea, I will create my own pose.
- Each commission should take me within a month to finish. (So not for-sure a month to do, but should be within that time limit.) Please ask me if you have any questions on how a commission is going!
- You are free to ask for progress and a WIP on your piece!
- Please do not repost without permission from me specifically. Please credit me when reposting.
- I have the right to turn down your commission as the artist if I cannot/will not draw it.
- **Do not trace or copy my art.**
