Join others in August and enjoy having autonomous access to our career tools through your confidential portal.

CareerPlanet and CareerIntelligence achieved **Commended** status from the Career Development Association of Australia (CDAA). To achieve this, both questionnaires were evaluated against a strict set of criteria. These criteria include Content, Credibility, Originality, Usefulness, Currency, Value, and Accessibility. (CareerSmart has te Reo Maori content so it was not eligible for evaluation in Australia).

For more information about our online questionnaires [check here](#):

1. TRAINING DATES - FOR IMPROVING CAREER CONVERSATIONS WITH STUDENTS:

CareerSmart (with CareerPlanet): Wednesday 14th August: 3.30 pm NZ time (for New Zealand practitioners only)

CareerPlanet (only): Thursday 15th August 3.30 pm NZ time ([check out your time zone here](#)) (This is free to all practitioners who are already licensed and will be an excellent opportunity to understand the tool).

2. TRAINING DATES - FOR IMPROVING CAREER CONVERSATIONS WITH WORKING ADULTS:

CareerIntelligence (with CareerPlanet): Thursday 15th August; 12.00 noon – 1.00 pm NZ time ([check out your time zone here](#))

All three tools provide an evaluative framework to enhance self and career awareness. In practice, this information is sent to your client or student prior to a career conversation appointment. This encourages them to evaluate their values and skills, and as a result, have a prepared for a more effective and meaningful conversation in their next appointment with you. This avoids spending hours on

paper-based checklists and card sorts.

Our existing licensed practitioners bring credibility to their practice or school careers department using these tools because they are professional, comprehensive, and logoed with the practitioner or school's business logo.

The feedback from both users and practitioners has been fantastic.
