

Due to the present societal situation, I am currently focused on Black History and Racism of Black people in America. I would like to expand this list or create a different one for IDEA (Inclusion, Diversity, Equity, and Access) Resources as well.

I am just trying to figure out how to provide more resources for anyone who needs them. Listed below, there are categories, and if any of you who view this list would like to contribute, please do so! If you don't know what category they might go in, just put them in the general resources and I can organize it.

Everyone can make comments and suggestions on this document. WHT staff will review comments and suggestions to approve them. You may also send your suggestions to whthompsonsolars@unl.edu for them to be added to the appropriate category on this document if that is easier for you. Together we can be the change the world needs to heal.
