Event Details: Saturday, October 30, 2021, 9-11 am behind Jake's Coffee, 227 Mechanic Street, Lebanon, NH

Styrofoam Collection Day in Lebanon

Lebanon, NH

Sustainable Lebanon is partnering with the Lebanon Rotary Club to offer a polystyrene (styrofoam) collection day on Saturday, October 30, from 9 - 11 am at 227 Mechanic Street in Lebanon (behind Jake's Coffee). The event will take place rain or shine.

All types of foam will be collected for recycling. Polystyrene #6, #4, and #6 XPS insulation board foam will be driven to a recycling facility in Palmer, MA. This includes packaging foam used for TVs, computers, and other appliances, as well as foam coolers. All other foams, including clean food containers, egg cartons, cups, and packing peanuts will be recycled via Terracycle. (Please also consider contacting local shipping and packaging centers to donate or packing peanuts for reuse.) We ask that all tape and labels are removed and all foam is clean, dry, and free of food residue or other debris.

An **optional** donation of \$15 per person is suggested to support the cost of future collections.

For more information and to volunteer, please contact Liane Avery at L99Liane@aol.com, 860-556-3114.
