

Application form

The ENS x Giveth builder's round is an experiment that aims to provide funding for small teams or individuals building Public Goods with a proven track record. If you have any questions or feel more information should be added to any of the points below, please contact ENS Public Goods steward: t.me/vegayp.

1. ENS Name

The applicant will share their identifier, either an ENS name or a wallet address.

2. ENS address to receive funds

The project's wallet address to receive the funds from the Builder's round.

3. Link to your Giveth project

Your project will need to be "verified" in order to participate in the round. If your project is verified, or your application is still pending, please proceed. If you have not applied for verification yet, please do so before completing this form!

4. Team members

Describe your team members and provide links to their socials. Projects with more than 5 team members will not be considered for this round.

5. Budget

Tell us about your budget needs and what the funds from this QF round will be used for.

6. Funding

Any previous funding such as grants should be disclosed here.

7. Upcoming Milestones

Please share your roadmap or any key milestones you intend to deliver on that would advance your project/provide benefit to the ecosystem at large.
