

Contact Information

Mrs. Kathrine Lopez

Email: kathrine_lopez@roundrockisd.org **(best way to contact me)**

Classroom phone: 512-428-7091 (hard to get a hold of me and I am horrible with voicemail)

I will always get back to you as quickly as possible!! On weekends there may be a delay because I am often not at a computer. I do have my email on my phone which is always with me – if it's an easy answer – you will get a message back within the day. Weekends are mainly the time I focus on my family!!!

A little about me:

I began teaching Forensic Science at Stony Point H.S. in September of 2015. Prior to that I was a substitute teacher for RRISD and worked at all grade levels. I am certified in Life Science 8-12. I have my Associates Degree in Paralegal Studies from Central Texas College, my Bachelor of Science Degree from Purdue Global University, and my Master of Science in Higher Education from Purdue Global (formerly Kaplan University online). I am a U.S. Army Veteran. I served from 1992 – 2001 with deployments to Somalia and Guantanamo Bay, Cuba. I was stationed at Fort Hood, Texas and South Korea. I left the military to pursue my education and care for my family. My husband and I, of twenty years of marriage, have four children. All of them are Tigers! My husband is a law enforcement officer of 19 years, working for the Killeen Police Department. Forensic Science is my passion! I love my work, I love teaching!! My goal is to translate that enthusiasm and passion into my instruction each and every day. I do that by participating in a lot of training and development during the summer so I can bring the latest techniques and information to our students.

Communication is key – I welcome feedback and always look for ways to improve engagement and interest in this course. If you ever have any questions or would like to chat – please reach out! I look forward to engaging with you!!
