Attack on Titan S.3 E.02 (Scene)

Scene: "Levi's squad regroups"

Approximate Time: 12:21 - 13:38

[Scene: In a building, at night. Levi, Armin, Mikasa, Jean, and Connie are gathered around a lantern.]

Armin   I…

Levi   Armin, you've got blood on your hands now.

              You can't go back to who you were.

Mikasa   Ah… Why would you say that?!

Levi   Embrace the new you.

              Just think, if your hands were still clean… Jean wouldn't be here right now.

              I'll tell you why you pulled the trigger… Because your comrade was about to die.

              Armin… Thanks to you getting blood on your hands, nobody on our squad ended up dead.

              Thank you.

Jean   Captain Levi, I… thought it was wrong to be fighting other humans…

              And wrong for you to order us to do it.

              I was afraid to be hurting other people.

              But… I'm the one who was wrong.

              Next time, I'll shoot.

Levi   I never said anything about who was right or wrong.

Jean   Ah…

Levi   I don't even know myself.

Are you really the one in the wrong?

Jean   Huh…?

Levi   Now then…

[Action: Levi stands up.]

Levi   It's about time we hear what he has to say.
