Monday		Tuesday	
February 5 th	2:15 pm – 3:45 pm	February 6 th	2:15 pm – 3:45 pm
February 26 th		February 27 th	
March 11 th		March 12 th	
March 18 th		March 19 th	
April 15 th		April 16 th	
April 29 th		April 30 th	
May 6 th		May 7 th	
May 20 th		May 21 st	

Attention:

1. Students will learn how Robots work by creating and modifying one Robot in 2 days (Day 1 & Day 2)
2. 2 Robots will be created in the month respectively. If only two classes are offered due to course scheduling, the bill for the current month will be reduced by half.
3. This schedule is subject to change. In that case, we will contact you separately.
